Second Announcement

Welcome
After a successful conferences held at Pécs, Hungary (2007), Hagenberg, Austria (2009) and Hluboká nad Vltavou, Czech Republic (2010) we are delighted to announce that the CADGME conference continues. The team from Department of Mathematics and Computer Science at Faculty of Sciences, University of Novi Sad has volunteered to host the conference in 2012 in our beautiful city Novi Sad. As for the last CADGME conferences we want to create a forum for Central- and Eastern- European colleagues, and for all interested academics from around the globe to exchange ideas and nurture collaboration. We hope that you will join us in Novi Sad on 22 - 24 June 2012.

Keynote speakers

Alan Rogerson (International Consultant in Maths Education, Poland)
*Fundamentals, the Future and the Power of the Force*

Adrian Oldknow (Emeritus Professor, University of Chichester, UK, Research Fellow in Mathematics, Science and Technology Education, University of Amsterdam, Netherlands)
*Software and activities to motivate and support learners in mathematics, science and technology*

Jean-baptiste Lagrange (University of Reims, France)
*Functions, Dynamic Geometry and CAS: offering possibilities for learners and teachers*

Petar Kenderov (Bulgarian Academy of Science, Bulgaria)

Olga Hadžić (University of Novi Sad, Serbia)
*The Role of Computers in Changing Students Attitudes Towards Mathematics*

Call for papers
The aim of the conference is to continue offering a forum for academics in Central- and Eastern Europe in order to share their experiences and practices with technology-assisted mathematics teaching with colleagues from all around the world. Hence, we kindly invite colleagues - everyone from everywhere - to participate and contribute to the conference.

How to contribute

Contributed talks
The talks will be given in parallel sessions; the length is 30 minutes including discussion.

Posters
Research results can be presented on posters; will be allocated to discuss posters.

Working groups
Talks will be organized around topics (proposed list is below). We welcome proposals (max 500 words) of working groups by 15 March 2012, in which participants can contribute talks/papers. In working group sessions plenty of time will be allocated for in-depth discussion of talks/papers.
Working Groups and Workshops Accepted by the Scientific Committee

Working groups
Classroom assessment and dynamic geometry
Homero Flores, Colegio de Ciencias y Humanidades-UNAM, México

Interactive Modeling and Computable Documents in Education
János Karsai, University of Szeged, Hungary

Making Materials Based on TEX and CAS/DGS
Masataka Kaneko, Kisarazu National College of Technology, Japan
Setsuo Takato, Toho university, Japan

Theorem-Prover based Systems (TPS) for Education (eduTPS)
Filip Maric, University of Belgrade, Serbia,
Walther Neuper, Graz University of Technology, Austria

Future Trends in Interactive Geometry
Ulrich Kortenkamp, CERMAT, Germany

Workshops
We encourage participants and software developers to organize workshops. Proposals (max 500 words) should be submitted by 15 March 2012, computer rooms will be provided if requested, the time limit is 1.5 hour per workshop.

How to prepare interactive Mathematica documents for classroom
János Karsai, University of Szeged, Hungary

Workshop about symbolic manipulations with random variables using Maple CAS
Mihály Klincsik, University of Pécs, Hungary

Mathematical modelling supported by GeoGebra
Zoltán Kovács, University of Debrecen-Nyiregyháza, Hungary

GeoGebra in studying functions
Péter Körtesi, University of Miskolc, Hungary

Casyopée an open environment for learning about functions at upper secondary level
Jean-baptiste Lagrange, University of Reims, France

Volume and area ratios with GeoGebra
Libuse Samkova, University of South Bohemia, Ceske Budejovice, Czech Republic

Website: [http://sites.dmi.rs/events/2012/CADGME2012/](http://sites.dmi.rs/events/2012/CADGME2012/)
Contact: Csaba Sarvari, University of Pecs sarvari@witch.pmmf.hu
Zsolt Lavicza, University of Cambridge zl221@cam.ac.uk
Djurdjica Takači, University of Novi Sad djtak@DMI.uns.ac.rs
Interactive math and science education in the Benelux, using TI-Nspire and TINavigator in secondary education

Gert Treurniet (The Netherlands) and Jürgen Schepers (Belgium, Flanders), Both teacher in secondary Education and consultant for Texas Instruments

Publications and proceedings

Abstracts

The abstracts of contributed talks and posters will be published on the conference proceedings website. The length is maximum 300 words. The format will be available on the conference web page.

Refereed Papers

Papers can be sent for publication to the scientific committee. We are in discussion with several journals that might publish a special issue with papers presented at CADGME-2012. Papers are to be submitted by 15 September 2012. Some papers from the previous conferences can be found in the following journals:

- CADGME-2007, TMCS, Volume 6 Issue 2, Volume 6 Issue 1, Volume 6 Issue 2, Volume 7 Issue 1
- CADGME-2009, IJTME Volume 17 Nr 3, Volume 17 Nr 4,
- Acta Didactica Napocensia, Volume 3, Number 2
- CADGME-2010, ejMT, Volume 5

How to submit?

Submission is handled via the EasyChair system. Its login page for CADME 2012 is accessible from the conference web page.

Important dates and deadlines

Second Announcement: 5 March 2012
Working group proposals: 15 March, 2012
Workshop proposals: 15 March, 2012
Abstract of contributed talks and posters: 15 April, 2012
Acceptance notifications: 31 May, 2012
Final programme: 15 June, 2012
End of pre-registration: 15 June, 2012
Papers: 15 September, 2012

Topics for contribution

Teaching
- The impact of CAS-DGS on mathematics teaching
- The changing role of the teacher
- Teacher learning
- Teacher training

Website: [http://sites.dmi.rs/events/2012/CADGME2012/](http://sites.dmi.rs/events/2012/CADGME2012/)
Contact: Csaba Sarvari, University of Pecs sarvari@witch.pmmf.hu
Zsolt Laviczka, University of Cambridge zl221@cam.ac.uk
Djurdjica Takači, University of Novi Sad djtak@DMI.uns.ac.rs
Fourth Central- and Eastern European Conference on Computer Algebra- and Dynamic Geometry Systems in Mathematics Education  
22-24 June, 2012 Novi Sad, Serbia
Computer Algebra in Mathematics Education (CAME) Mini Symposium  
21 June, 2012 Novi Sad, Serbia

- Distance learning and CAS

Learning
- The impact of CAS-DGS on students’ learning
- Students’ attitudes toward CAS-DGS
- CAS-DGS understanding/knowledge
- Algebraic skills and CAS
- Instrumentation

Curriculum
- Design of learning environments and curricula
- Implementation of curricula and classroom practices / Innovative practices

Assessment
- Assessment in CAS-DGS environments
- CAS-DGS in Web-based assessment systems

Excursion with tasting wine and snacks 25 euros

What is covered by the registration fee for PARTICIPANTS?
- Conference materials
- Admission to Scientific Sessions
- Welcome reception
- Welcome dinner
- 2 lunches and coffee breaks,

What is covered by the fee for ACCOMPANYING PERSONS?
- Welcome reception
- Welcome dinner
- 2 lunches and coffee breaks,

Registration

Registration for the conference can be done electronically on the conference web page.

Grants There are possibility for some grants. Please contact local organizing Committee: before May 1st 2012, djtak@DMI.uns.ac.rs

Accommodation

Hotel list Novi Sad
- **Putnik**, (single bed room 33 euros, double bed room 28 Euro pp, including breakfast and taxes, centre, no parking,)
- Hotel **Vigor**, (single bed room 35 euros, double bed room 25 Euro pp, including breakfast and taxes, free parking)

Sponsors

We encourage companies or organizations to sponsor the conference or events related to the conference. In exchange, we can offer publishing their logo on our website, in conference rooms, and around the conference sites.

About Department of Mathematics and Informatics Novi Sad, Serbia

Department of Mathematics and Informatics was established in 1954. Since then, represents one of the leading teaching and research institutions in the field of mathematics and computer science that develops into a modern, European Department, recognized for its educational and scientific achievements of teachers, graduate students, PhD students.

The teaching process is conducted through 9 accredited study programs at undergraduate, graduate and doctoral studies.

Scientific-research process is conducted through a series of national and international projects in pure mathematics, applied mathematics, mathematics education and computer science.

Aims

In this CAME Mini-symposium, we would like to review and discuss the work carried out during the past two decades on the role of CAS and its research in mathematics education. Our Keynote Speakers have offered us to deliver a stimulating talk and paper in this area. We aim to discuss this topic as well as make preparations for a regular CAME event in 2013.

Keynote speakers

Hans-Georg Weigand (University of Wuerzburg, Germany)
Theses about the use of Computer Algebra Systems in the next decade

Jean-baptiste Lagrange (University of Reims, France)
Activity Theory Approaches to Technology Enhanced Mathematical Learning Orchestinations

How to contribute
Besides discussions about topics raised by the Keynote Speakers there will be a possibility to give short (5min) presentations to reflect to the topics presented by Keynotes or to raise other issues.

Registration
Registration can be done on the CADGME website.

Fees
The registration fee is 35 Euro/person, which includes coffees and lunch as well as contributes to the expenses of Keynote speakers.

Travel and Accommodation
Details of travel and accommodation can be found on the CADGME website.
